

## Maskwa Solar Ltd. of British Columbia is now the Authorized Solar Panel Amplifier Licensee for Canada

(Vancouver B.C., August 25, 2024) Hyperstealth Biotechnology Corp. announces that Maskwa Solar Ltd., an Indigenous-owned company, is now the

Authorized Solar Panel Amplifier Licensee for Canada using Hyperstealth's Canadian Patent CA 3086351 in which all 39 claims were granted for "System and Method of Amplifying Solar Panel Output" and Hyperstealth's Canadian Divisional Patent Application CA 3144672 for a further 6 claims.

Hyperstealth's testing has demonstrated that their solar panel amplifier has been able to triple thin film solar panels and nearly triple monocrystalline solar panels, which are the most widely used.

Maskwa Solar Ltd. President and CEO, David Bigcharles, recently learned that Hyperstealth had begun to license their technologies and after learning that Good Solar PTY. LTD. of Australia was able to license just the Solar Panel Amplifier technology, inquired about the Canadian rights.

Maskwa, the Plains Cree name for Bear, represents strength and wisdom in Cree culture. Revered as a powerful hunter and protector, Maskwa is celebrated for its fierce courage and skill in navigating the wilderness. Maskwa is said to possess a deep understanding of the natural world and its cycles, embodying Cree resilience and adaptability. It serves as a reminder of the importance of respecting the environment and living harmoniously with the earth.

Maskwa Solar seeks to integrate Western science with Indigenous knowledge and values for Canada.
