

**Good Solar PTY LTD. of Australia is now the Authorized Solar Panel Amplifier Licensee for Australia, New Zealand, Papua New Guinea and the United Kingdom of Great Britain and Northern Ireland**

(Vancouver B.C., July 28, 2024) Hyperstealth Biotechnology Corp. announces that Good Solar PTY LTD. of Australia is now the Authorized Solar Panel Amplifier Licensee for Australia, New Zealand, Papua New Guinea and the United Kingdom of Great Britain and Northern Ireland per License Agreement dated 24 July 2024

Verification testing of Hyperstealth's Solar Panel Amplifier took place in Sydney Australia between June 27-July 8 where testing demonstrated an increase of 2.49 times the output over the control panel using just one amplifier, this was done shortly after the solar minimum on June 20th, as it is winter in the southern hemisphere.

Good Solar Pty Ltd Executive Director, Peter Knight, shared how excited they are to implement plans to develop solar amplifier products to suit residential, solar farms, solar towers and mobile solar applications - and look forward to transforming the solar energy economics for both commercial and areas of socioeconomic deprivation.
